I started at Go Bus as a casual, driving school buses and really enjoyed it. Then I moved into an office position where I have been working as a Weekend Supervisor, helping with Operations and inputting rosters into payroll. I have completed a few NZPPA courses, payroll law, employee leave and payroll calculations. I still drive buses when there is a spare run to complete. I spent the 7.5 years working for Idea services, mostly in a high behaviour needs position. 3 years ago I took some time study Commercial Transport, obtaining a few difference licence classes. I studied nursing part time for a few years before deciding that was not the direction I wanted to go in. I feel like I have found a path or two I would like to explore. I never thought sitting in a office would be for me, but have found I enjoy the challenges that a busy office brings. I also enjoy being behind the wheel and the challenges driving big gear brings. And now I find myself equally at home behind a computer as I do behind the wheel.

Employment History

2019-2022

GoBus

2011- 2019

Personal Statement.

I would like to say I have done great things in my life but I can only say I have lived a balanced life. I have traveled extensively, backpacking around Europe twice, with plans to go to South America, when the time is right. I spent a few years training to be a weightlifter, obtaining a few NZ records and winning a world title. I love to go camping in the mountains, especially in the summer. I value my family above all, and although I have no child or husband, I have a great deal to do with my nieces and nephews and my extended family.
